Forecast for Sunday 24 Mar 2024

Weather: Scattered showers at first, these mostly easing off during the early part of the morning. Mainly dry thereafter with a mix of sunny spells and patchy cloud throughout the day. Winds strong at first but easing during the afternoon. Skies mostly clear into the evening before cloud arrives from the west later.

Chance of cloud-free hill tops above 600m: 80-90%

Low cloud and visibility: Few or scattered cloud base 600-800m in association with showers, visibility mainly good or very good but reducing temporarily in showers.
